CONTROL AT YOUR FINGERTIPS

With our Web app,
you can control what
happens on the
screen from
anywhere.

The Web app
includes Content
Creator, a one-of-a-
kind tool for easily
developing your own
attractive &
engaging content.

HOW IT WORKS

1

STEP 1

Order an Everwell media player & subscription

2

STEP 2

Our support team prepares & ships your media player

3

STEP 3

When the media player arrives, connect it to power, your TV & the Internet

4

STEP 4

Use our Web app to control what happens on the screen

FREQUENTLY ASKED QUESTIONS

How much control do we have over what plays on our screen?

You have as much control as you want.

Can we add our own content?

Yes, we encourage you to add your own videos and graphics. In fact, you can even create content using our Web app – no other software required!

Does the subscription include customer support?

Yes! We make it easy for you to reach us by offering live phone & email support.

What else do we need in order to have Everwell?

All you need is a TV, an Internet connection and an Everwell media player (small computer about the size of two decks of cards).
